International Conference on Technology and Instrumentation in Particle Physics 2017(TIPP2017)

Friday, 26 May 2017

Plenary 6 - Room 305 (11:00 - 12:00)

-Conveners: Ray Larsen

time	[id] title	presenter
11:00	[100] The Tynode: a new vacuum electron multiplier for ultra fast pixelised particle detectors	Prof. VAN DER GRAAF, Harry
11:30	[85] Diamond detector technology; status and perspectives	KAGAN, Harris
