Latest CMS results on ttH(bb) searches

Saturday, 2 September 2017 14:50 (25 minutes)

Latest 13 TeV results of CMS searches for the Higgs boson
produced in association with top quarks and decaying to b quarks
will be presented. This talk will focus on the semi-leptonic and di-leptonic channels with the matrix element method, BDT and DNN
discriminants.

Presenter: LUO, Wuming

Session Classification: Standard model physics at the TeV scale

Track Classification: 6) Standard model physics at the TeV scale
