

# 6th Workshop of the France China Particle Physics Laboratory

Thursday, 28 March 2013

Flavour Physics (LHCb and BESIII) (10:20 - 11:50)

-Conveners: Michel Davier; Yuanning Gao

time [id] title

presenter

| time  | [id] | title   | presenter           |
|-------|------|---|---------------------|
| 10:20 | [45] | BES highlights and R measurement                | HUANG, Guangshun    |
| 10:50 | [46] | $e^+e^-$ , tau and hadronic vacuum polarization | Dr WANG, Liangliang |
| 11:20 | [47] | B meson production and Bc studies at LHCb       | Dr LI, Yiming       |
