

55th ICFA Advanced Beam Dynamics Workshop on High Luminosity Circular e+e- Colliders — Higgs Factory (HF2014)

Thursday, 9 October 2014

Special Joint Session with LCWS2014: WG 10 — “Green” Accelerators (18:00 - 19:45)

-Conveners: Steve Peggs for HF2014, Hitoshi Hayano for LCWS2014

time	[id]	title	presenter
18:00	[14]	(1) Energy consumption and savings potential of CLIC	Dr LEBRUN, Philippe
18:21	[15]	(2) A green CEPC using the power of nuclear waste	Dr LIU, Zhenchao
18:42	[16]	(3) Sustainability for bosons: the need for an energy program for a future Higgs factory	Mr PARKER, Thomas
19:03	[17]	(4) HEP future: to be green, or not to be?	Dr PERRET-GALLIX, Denis
19:24	[18]	(5) Current status of Green-ILC activities in Japan	TAKAYUKI SAEKI (KEK)
