

Working status

On going

- Systematics for WWyy analysis
with the help from Pengc and Xiaohu the samples are ready
re-write my code to a more decent way to run the systematics sampels
- Upper limits for Invjjyy
wait for the cross check from Xiaohu

On going

- Categorization optimize for lvyjj analysis
significance_inclusive = 0.23
significance_divided = 0.24
- HSG1 prediction for 14 TeV
reading Jin's code, try to re-do the 8TeV results first
