

International Conference on Technology and Instrumentation in Particle Physics 2017(TIPP2017)

Thursday, 25 May 2017

R2-Gaseous detectors(4) - Room 305C (16:30 - 18:00)

-Conveners: Jianbei Liu; Hugo Delannoy

time	[id] title	presenter
16:30	[49] Performance of Resistive Plate Chamber operated with new environmental friendly gas mixtures	MANDELLI, Beatrice
16:48	[16] High tracking performance in 3D with gaseous pixel detectors based on the Timepix3 chip.	TSIGARIDAS, Stergios
17:06	[206] GridPix detector with Timepix3 ASIC	Dr KLUIT, Peter
17:24	[267] Progress in Room-Temperature and Cryogenic Resistive THGEM-based detectors	BRESSLER, Shikma
17:42	Discussion time
