## Travel to Jinan:

There is no direct flight from U.S. or Europe to Jinan, so you need to transfer inside China. The airport code of Jinan "Yaoqiang airport" is TNA.

To buy Chinese domestic flight ticket on the web:

If via Shanghai come to Jinan, probably you need to change airport when transferring, because most of the international flights arrive at Shanghai "Pudong airport (PVG)", however most domestic

flights take off from Shanghai "Hongqiao airport (SHA)". The distance from PVG to SHA is about 60 km. You can take shuttle or taxi. If via Beijing to Jinan, you don't need to change airport, but maybe terminals

Another choice is to travel by train in China, but the ticket can't be booked on web, unless your friend in China bought for you.
