For the first two afternoons (Monday/Tuesday), choose from the following self-guided tutorials:

- [Herwig](#) (Room C418, [Zoom link](#))
- [MadGraph](#) (Room C305, [Zoom link](#))
- [Pythia](#) (Room C623, [Zoom link](#))
- [Sherpa](#) (Room C511, [Zoom link](#))

For the remaining afternoons (Wednesday/Thursday), choose from the following advanced tutorials:

- [Event generation for Heavy Ion collisions](#) (Room C623, [Zoom link](#))
- [Analysis prototyping and multiweights using Rivet](#) (Room C511, [Zoom link](#))
- [Constraining new physics models using Contur](#) (Room C305, [Zoom link](#))

今天下午线上课程

Day 3:

Room C305, Constraining new physics models using Contur, zoom chair 孟凡强, tutor 王彦

Room A511, Analysis prototyping and multiweights, zoom chair 许坤(926725), tutor 杨硕

Room A623, Event generation for Heavy Ion collisions, zoom chair 李聪乔(747524), tutor 陈蔚
