Weekly report

FANGYI GUO

Working status

◦ HGTD work:

modify note with Yaquan's and conveners' comments. A report tonight: https://indico.cern.ch/event/876285/.

Might have an approval report this Thursday, based on today's feedback.

◦ CEPC:

Estimate the background cross section in signal region. Plan to generate a sample with Madgraph+Pythia8, and count event number only.

A remote report in IAS meeting(Jan. 18).

◦ Shift: 3 shifts have been finished. No more before New Year.
