

Tenth International Workshop on Spallation Materials Technology

Wednesday, 20 October 2010

Plenary Session - 2 (08:00 - 09:30)

time	[id]	title	presenter
08:00	[117]	Overview of material R&D activities for advanced nuclear energy systems	Prof. WU, yican
08:30	[118]	R&D status on cavitation damage in JSNS of J-PARC/MLF	Dr FUTAKAWA, Masatoshi
09:00	[119]	Recent developments in neutronics codes and cross section databases relevant to estimating radiation damage in materials for spallation source environments	Dr PITCHER, Eric
