

The 2nd workshop on Material Development for the Homogeneous Hadronic Calorimeter Detector Concept

Contribution ID: 6

Type: **not specified**

Development of Halide Scintillation Crystals for the HHCAL Detector Concept

Sunday, 9 May 2010 14:00 (30 minutes)

Primary author: Dr REN, GUOHAO (Shanghai Institute of Ceramics, Chinese Academy of Sciences)

Co-authors: Dr SHEN, Dingzhong (Department of material sciences and engineering, Jiliang university of china, Hangzhou); Mr CHEN, Xiaofeng (Shanghai Institute of Ceramics)

Presenter: Dr REN, GUOHAO (Shanghai Institute of Ceramics, Chinese Academy of Sciences)

Session Classification: Session II
