

The 2nd workshop on Material Development for the Homogeneous Hadronic Calorimeter Detector Concept

Sunday, 9 May 2010

Session III (15:20 - 18:00)

time	[id]	title	presenter
15:20	[8]	R&D on Scintillation Crystals and Special Glasses at BGRI	Dr ZHANG, Mingrong
15:50	[7]	Status of Scintillating Ceramics and Glasses at SIC and their potential applications for the HHCAL Detector Concept	Prof. ZHAO, Jing-Tai
16:20	[3]	Study of dense scintillating glass samples	Prof. ZHAO, Tianchi
16:50	[13]	Some thoughts about homogeneous dual-readout calorimeters	Dr WIGMANS, Richard
17:20	[11]	Discussions
