10th International Workshop on Chiral Dynamics

2021/11/14

Beijing, China

Due to the COVID-19 pandemic, the 10th International Workshop on Chiral Dynamics will be held online only from November 15th to 19th, 2021. For the convenience of European, American and Asian colleagues, we would like to have a compressed agenda for this workshop (Beijing evenings= European afternoons = US (early) mornings). The time for plenary session is 19:00-23:30, Beijing time and the parallel session is 18:30-23:50, Beijing time.

We list a few tips on this workshop as below. Please read it carefully:

1. With the help of IAC and working group conveners, the program is uploaded to the indico:

<https://indico.ihep.ac.cn/event/14770/other-view?view=standard>

2. For convenience of uploading talks, we ask the speakers to CREATE

an INDICO ACCOUNT before the workshop. To create an indico account, please read instructions at conference homepage

<https://indico.ihep.ac.cn/event/14770/>

If you have any problems to create the account or upload talks, please contact Miss Ying Wang (ywang@ihep.ac.cn)

3. The ZOOM meeting for the plenary sessions and parallel sessions are already booked and the links are on the indico,

<https://indico.ihep.ac.cn/event/14770/page/5>

The overall talks will be recorded in this workshop, and the videos files will be reserved for downloading till July 1st, 2022. To watch and download the video of your talk, please click

<https://indico.ihep.ac.cn/event/14770/other-view?view=standard>

If you would not like to permit downloading video of your talk, please especially send emails to ywang@ihep.ac.cn.

4. The group photo of this workshop will be taken at around 21:10 - 21:30 (Monday, Nov.15th, Asia Beijing Timezone), right after the last talk of the first session.

6. We ask participants to keep their cameras and microphones off during the presentations. To ask questions and make comments,

please use the "raise your hand" in the Reactions button, then wait for the chair to allow you to speak. In that moment, you can turn on your microphone. Then turn off your microphone and wait for the response. Alternatively, you can post questions in the chat. The chat can be used freely throughout the talks.
