

LCWS 2010

Monday, 29 March 2010

LCWS: SUSY/NP - Bldg8 Rm3 (11:00 - 12:40)

time	[id]	title	presenter
11:00	[326]	Identification of new physics and general WIMP search at the ILC	
11:20	[327]	Simulation study of W + DM signature for identification of new physics models	
11:40	[328]	Decaying dark matter in a left-right symmetric model	
12:00	[329]	The impact of currently discussed design issues on the 'new physics searches' potential of the ILC
