

## LCWS 2010

Sunday, 28 March 2010

LCWS: Higgs/EWSB: session 4, joint with SUSY/NP - Bldg8 Rm3 (14:00 - 15:30)

| time  | [id]  | title   | presenter |
|-------|-------|---|-----------|
| 14:00 | [214] | Aspects of Higgs searches in CP-conserving and CP-violating SUSY scenarios at the LHC and ILC |           |
| 14:30 | [215] | New Physics Contribution to Neutral Trilinear Gauge Boson Coupling                            |           |
| 14:50 | [216] | Observing the coupling between dark matter and higgs boson at the ILC                         |           |
| 15:10 | [217] | New Physics effect on Higgs boson pair production processes at LHC and ILC                    |           |
