

CEPC Snowmass Progress Meeting

Thursday, 30 September 2021

Individual Talks (10:10 - 12:05)

time	[id] title	presenter
10:10	[0] Complementary Heavy neutrino search in Rare Higgs Decays	GAO, YU
10:30	[1] Lepton portal dark matter, gravitational waves, and collider phenomenology	XIE, kepan
10:50	[2] Measurement of the leptonic effective weak mixing angle at CEPC	YANG, Siqi
11:10	[3] Measuring Higgs couplings with longitudinal external states	Dr CHEN (谌), Junmou (俊谋)
