

CEPC DAY (December 22, 2021)

Wednesday, 22 December 2021

Accelerators - A419 (14:00 - 17:05)

-Conveners: liyuhui@ihep.ac.cn

time	[id] title	presenter
14:00	[0] Introduction of C3-Cool Copper Collider Higgs Factory to Multi-TeV and Key Technology Development	Prof. GAO, Jie
14:25	[1] Preliminary study for SPPC 125 TeV Scheme	Prof. TANG, 靖宇
14:50	[2] Status of CEPC accelerator system electronic documentation (ProjectWise) and coordinated design	Dr JIN, Song
15:15	[3] Review and introduction of the CEPC accelerator electronic documentation and coordinated design system new development	YE, lei
15:40	Coffee break	
15:55	[4] Parameter Study & Optimization for the Final Focus Quardrupole	Dr WANG, Yiwei
16:05	[5] SCU Status Report based on snake shape coils	YANG XIANGCHEN
16:30	[6] SCU Status Report based on CCT scheme	Dr XU, Qingjin
16:55	[7] Recent progress on the Cost Model for Higgs factory based on circular collider	Dr WANG, Dou
