

# Joint Workshop of the CEPC Physics, Software and New Detector Concept in 2022

Wednesday, 25 May 2022

Parallel 8 Cosmic-Astro - A419 (11:00 - 12:40)

-Conveners: Gao, Yu; Jiji Fan; Fa Peng Huang

time	[id]	title	presenter
11:00	[40]	Probing EWSB in the early Universe with GWs and Colliders	BIAN, Ligong
11:20	[41]	Addressing the Gravitational Wave - Collider Inverse Problem	TRAN, Van Que
11:40	[38]	Asymmetric composite dark matter and its detection at CEPC via displaced lepton jet	ZHANG, Mengchao
12:00	[43]	Scale-genesis by Dark Matter and Its Gravitational Wave Signal	ZHU, Jiang
