

The 2022 International Workshop on the High Energy Circular Electron Positron Collider

Monday, October 24, 2022

Plenary: 1 - A214 (8:00 PM - 9:30 PM)

-Conveners: Shan Jin

time	[id]	title	presenter
8:00 PM	P64	Welcome	Prof. WANG, Yifang
8:10 PM	P65	Theory vision	Prof. MURAYAMA, Hitoshi
8:50 PM	P66	Status of the CEPC	Prof. JOAO, Guimaraes de Costa

Plenary: 2 - A214 (10:00 PM - 11:30 PM)

-Conveners: Yuanning Gao

time	[id]	title	presenter
10:00	P65	Status and perspectives of the FCC	BENEDIKT, Michael
10:30	P66	ILC and CLIC as future Higgs factories	LIST, Benno
11:00	P67	Global picture of other collider candidates	HAN, Tao

Friday, October 28, 2022

Plenary: 3 - A214 (8:00 PM - 9:30 PM)

-Conveners: Jie GAO

time	[id] title	presenter
8:00	PM108] The Great Questions in Fundamental Physics and the Detector Technology Challenges to Address them via the ECFA Detector Roadmap	Prof. SHIPSEY, Ian
8:30	PM109] Recent progress of theory	GROJEAN, Christophe
9:00	PM111] Highlights of the accelerator R&D	LI, Yuhui

Plenary: 4 - A214 (10:00 PM - 11:35 PM)

-Conveners: Jianchun Wang

time	[id] title	presenter
10:00	PM12] R&D highlights of detector, computing & technologies	RUAN, Manqi
10:30	PM10] Anomalies in particle physics	QIAN, Jianming
11:00	PM10] Workshop Closing	WANG, Jianchun
