

The 2022 International Workshop on the High Energy Circular Electron Positron Collider

Friday, 28 October 2022

Performance: 1 - A511 (10:00 - 12:00)

-Conveners: Emanuele Bagnaschi; Gang LI Gang (EPD.IHEP); Shu Li; Jianming Qian

time	[id] title	presenter
10:00	[237] Impact of flavor tagging and CSI on Higgs to bb/cc/gg signal strength accuracy measurement	朱, 永峰
10:20	[311] Jet charge measurement at CEPC	CUI, Hanhua
10:40	[236] ECAL resolution studies for flavor physics	WANG, Yuexin
11:00	[235] Fast simulation of the 4th detector at CEPC with Delphes	高, 旭 高, 旭
11:20	[408] Helicity amplitude	谌, 俊谋
11:40	[234] Performance of jet flavor tagging and measurement of Rb using ParticleNet at CEPC	LIAO, Libo LIAO, Libo
