

Higgs 2023, Nov 27 - Dec 2 2023, Beijing

Friday, December 1, 2023

Parallel: EFT - C305 (9:00 AM - 10:30 AM)

-Conveners: Davide Zuliani; Jonathon Langford; Christina Gao

| time | [id] | title | presenter |
|-------|---------|---|-------------------------|
| 9:00 | A[M62] | Combined Effective Field Theory interpretation of ATLAS Higgs measurements | WANG, Yuhao |
| 9:20 | A[M112] | Anomalous triple gauge couplings in electroweak dilepton tails at the LHC and interference resurrection | Mr MIN, Ui |
| 9:40 | A[M117] | Probing the CP Violating top Yukawa coupling at the LHC | ZHENG, Ya-Juan |
| 9:55 | A[M93] | Search for anomalous couplings affecting Higgs boson production and decay with the CMS experiment | SANTOCCHIA, Attilio |
| 10:10 | A[S2] | Multi-Higgs production in vector boson scattering | SANZ-CILLERO, Juan José |
