

The 29th International Workshop on Weak Interactions and Neutrinos

Wednesday, July 5, 2023

Parallel talks 4: Applications of Nuclear Technology - A236 (4:10 PM - 5:50 PM)

-Conveners: Qian Liu

time	[id]	title	presenter
4:10 PM	[67]	ReActor neutrino LIquid xenon Coherent Scattering (RELICS) experiment	LIN, Qing
4:35 PM	[59]	CONUS experiment: new results and the upgrade campaign to CONUS+	Dr NI, Kaixiang
5:00 PM	[53]	Search for the coherent elastic neutrino-nucleus scattering and other rare processes in nuGeN experiment at Kalinin nuclear power plant	Dr LUBASHEVSKIY, Alexey
5:25 PM	[48]	RECODE program for reactor neutrino CEvNS detection with PPC Germanium detector (remote)	Dr YANG, Litao
