

The 29th International Workshop on Weak Interactions and Neutrinos

Friday, July 7, 2023

Parallel talks 6: Electroweak Interactions - A542 (4:10 PM - 5:50 PM)

-Conveners: Wei Liu

time	[id]	title	presenter
4:10 PM	[184]	Spontaneous CP violation and supersymmetry	YOKOZAKI, Norimi
4:35 PM	[185]	EWPT & Baryogenesis	GUO, Huaike
5:00 PM	[21]	Electroweak sphaleron under multiple-step EWPT with the general high dimensional SU(2) multiplet extension to the Standard model	WU, Yanda
5:25 PM	[9]	Light dark matter around 100 GeV from the inert doublet model	Ms KALHOR, Leila
