

# The 29th International Workshop on Weak Interactions and Neutrinos

Friday, July 7, 2023

Parallel talks 6: Neutrino Physics - Room C203, Haiqin Building #6 (4:10 PM - 6:15 PM)

-Conveners: Jiangming Yao

time	[id]	title	presenter
4:10 P	M131]	Measuring low energy reactor neutrinos with CEvNS	Prof. LIAO, Jiajun
4:35 P	M194]	The indispensable role of neutrinos in the global fit of SMEFT	DU, Yong
5:00 P	M219]	EFT analysis of Neutrino Experiments (remote)	GONZALEZ ALONSO, Martin
5:25 P	M79]	Neutrino magnetic moment portal: New constraints and multi-messenger opportunities	LI, Ying-Ying
5:50 P	M229]	Recent results from Daya Bay	Prof. CHU, Ming-chung
