

The 2023 International Workshop on the High Energy Circular Electron Positron Collider

Tuesday, 24 October 2023

QCD: 1 - CEPC Room 1 (16:00 - 18:00)

-Conveners: Xuan Chen

time	[id]	title	presenter
16:00	[269]	Top and bottom quark AFB at NNLO QCD in (un)polarized electron positron collisions	LU, Pengcheng
16:25	[270]	Top-Quark Decay at Next-to-Next-to-Next-to-Leading Order in QCD	CHEN, Long
16:50	[274]	Jet origin identification using ParticleNet	RUAN, Manqi
17:15	[273]	Energy-Energy Correlator Experiment	XIAO, meng
17:40	[272]	Energy-Energy Correlator Theory	ZHU, HuaXing

Wednesday, 25 October 2023

QCD: 2 - CEPC Room 1 (09:00 - 10:30)

-Conveners: Jun Gao

time	[id] title	presenter
09:00	[275] Lattice signals of gluon mass generation in QCD	NARCISO FERREIRA, Mauricio
09:25	[276] A new framework on global analysis of fragmentation functions	GAO, Jun GAO, Jun
09:50	[277] Using low energy e+e- data in fragmentation functions analysis	ANDERLE, Daniele
