Report on a MICADAS Workshop

Wednesday, 23 October 2024 17:15 (20 minutes)

In September of this year a 2-day MICADAS (Mini CARbon DAting System) workshop was held to discuss (1) best practices, advances, successes, and issues encountered with the MICADAS, (2) solutions and potential approaches to address any common problems, and (3) best communication mechanisms for a user group. Outcomes of the meeting and plans for a follow up workshop are presented.
