

The 16th International Conference on Accelerator Mass Spectrometry

Friday, 25 October 2024

Reference Materials, Carriers, Intercomparisons - GRAND BALLROOM (宴会厅), 2nd Floor (14:50 - 15:30)

-Conveners: Liping Zhou

time	[id]	title	presenter
14:50	[225]	Establishing matrix backgrounds and radionuclide concentrations for the metrology of new, SI-traceable isotope standards for the determination of key radioactive pollutants in the environment by (accelerator) mass spectrometry	Dr WINKLER, Stephan
15:10	[234]	Reproducibility and accuracy of actinide AMS — measurement limits from high-precision studies on $^{235}\text{U}(n,\gamma)^{236}\text{U}$	WALLNER, Anton
