

## CEPC Day (September 25, 2023)

Monday, 25 September 2023

Accelerators - A415 (14:00 - 17:30)

-Conveners: liyuhui@ihep.ac.cn

time	[id] title	presenter
14:00	[6] Progress of the HL-LHC collaboration on CCT superconducting magnet and the R&D status of high field SC magnets	康, 芮
14:25	[7] Prospects and near future plan to the plasma acceleration R&D	LI, Dazhang
14:50	[8] Theory basis and schematic design to realize “heat-cold switchable” energy recovery in the cooling water system	李, 梅
15:15	Coffee Break	
15:45	[9] Research status of the high efficiency klystron and other RF power source	ZHOU, Zusheng
16:10	[10] Progress of the C3 accelerator cavities and cryogenic module	张, 敬如
16:35	[11] Preliminary studies of the fast feedback system for luminosity tuning	SHI, Haoyu
