

The Second LHAASO Collaboration Conference in 2023

Sunday, 26 November 2023

conference contributions: Cosmic ray (08:30 - 10:10)

-Conveners: 会海 He

time	[id] title	presenter
08:30	[101] Cosmic ray summary	MALINGLING_马玲玲_羊八井, lingling
08:54	[56] Measurement of the cosmic ray proton spectrum around the knee region with LHAASO	游, 智勇
09:18	[58] Measurement of the Proton and Helium spectrum with KM2A and WFCTA of the LHAASO experiment	王, 利莘
09:42	[102] A common origin of multi-messenger anomaly of galactic cosmic rays	郭义庆, YiQing

conference contributions: others (10:30 - 12:20)

-Conveners: 存峰 冯

time	[id] title	presenter
10:30	[6] Progress of ENDA	MA, Xinhua
10:45	[19] Measurement of the muon content in EAS with muon detectors of LHAASO-KM2A	丰, 晓婷
11:00	[91] Time structure of the extensive air shower Electron and Muon Components measured by LHAASO-KM2A	刘佳, jia LIU
11:15	[39] Temporal structure of secondary particles during thunderstorms with KM2A	陈, 学健
11:30	[99] Data Production	尹丽巧, YIN Liqiao YAO, Zhiguo
11:50	[8] Data transfer updates and status	曾, 珊
12:05	[13] The status of LHAASO computing platform	LI, Haibo

conference contributions: Young cluster (13:30 - 14:38)

-Conveners: Hao Zhou

time	[id] title	presenter
13:30	[103] Young Cluster summary	杨, 睿智
13:54	[17] Observation of the γ -ray Emission from the W43 Direction with LHAASO	王, 广威
14:16	[60] Observation of LHAASO J1843-0338 : implication for the origin of its UHE gamma-ray emission	ZHANG, Rui

Monday, 27 November 2023

conference contributions: Extragalactic sources (09:00 - 10:30)

conference contributions: Young massive star cluster (13:30 - 15:00)

Tuesday, 28 November 2023

conference contributions: Cosmic ray physics (09:00 - 10:30)

conference contributions: Data analysis & others (13:30 - 15:00)

Wednesday, 29 November 2023

conference contributions: Invited reports of Fermi data, radio, X-ray (09:00 - 11:00)
