

Unveiling the Dynamic and Energetic Universe with Insight-HXMT for Six Years and Beyond

Monday, 22 January 2024 - Saturday, 27 January 2024

Scientific Programme

Black hole X-ray Compact systems
Neutron star X-ray compact systems
Magnetars and isolated pulsars
Extreme violent events (GRB, FRB, GW, TGF)
Multiwavelength observations
Other high energy phenomena
Future missions

Sessions

Black hole X-ray Compact systems

Neutron star X-ray compact systems

Magnetars and isolated pulsars

Extreme violent events (GRB, FRB, GW, TGF)

Multiwavelength observations

Other high energy phenomena

Future missions
