

The 2024 International Workshop on the High Energy Circular Electron Positron Collider

Friday, October 25, 2024

International Industrial Connection: 1 - Room 289 (11:00 AM - 12:30 PM)

time	[id]	title	presenter
11:00	A[M50]	SiPM readout ASIC from Microparity	SHEN, Wei
11:15	A[M51]	Research and application progress of cadmium zinc telluride (CZT) semiconductor radiation detectors	Mr XI, Shouzhi
11:30	A[M52]	High Energy Physics and Medical Imaging (United-Imaging)	Mr XIE, Pengwei
11:45	A[M49]	Manufacturing and assembly processes of TSV (Through-Silicon Via) and sensor applications	Mr REN, Zhengyu
12:00	P[M1]	New Generation Software-defined Modular Instrument Platform	CAO曹, Yiqing奕菁
12:15	P[M48]	Design and Development of Thin-Walled Vacuum Chambers and High-Pressure Chambers for Applications in Physics Experiments	ZHAO, Yuntao

International Industrial Connection: 2 - Room 289 (2:00 PM - 3:30 PM)

time	[id]	title	presenter
2:00	P[M47]	Phyclover-20 years in the service of physics	Mr CEN, Tao
2:15	P[M157]	Intelligent special power supply service provider from Fullde Electronics	LAI来, Yongqian永乾
2:30	P[M154]	Semiconductors & IC Design and Test Overview	YANG杨, HaiChuang海川
2:45	P[M156]	Phase Noise and its Measurements	YANG杨, HaiChuan海川
3:00	P[M153]	The Next Generation NAT-MCH	KOERTE, Heiko
3:15	P[M155]	How to improve accuracy of measurement when using an oscilloscope	Mr JIANG, Xinyi
