

26th International Symposium on Spin Physics (SPIN2025)

Wednesday, 24 September 2025

Low energy spin physics with lepton, photon and hadron probes: 01 (10:30 - 12:00)

-Conveners: Weizhi Xiong

time	[id]	title	presenter
10:30	[131]	Experiments at MAMI/MESA	BAUNACK, Sebastian
11:00	[133]	Electroweak precision test through single spin asymmetries at the EicC	DU, Yong
11:30	[9]	Cosmic Ray Muon Polarization to Facilitate Atmospheric Neutrino Physics	SUN, Ming-Chen
