

26th International Symposium on Spin Physics (SPIN2025)

Wednesday, 24 September 2025

Quantum computing and artificial intelligence: 01 (10:25 - 11:55)

-Conveners: Yao Ji

time	[id]	title	presenter
10:30	[122]	Quantum simulations of non-perturbative quantities in hadron scattering	LI, Tianyin
10:55	[115]	Quantum computing of chirality imbalance in SU(2) gauge theory	ZHANG, Guofeng
11:20	[127]	hadronic tensor in (1+1)-dimensional systems by quantum computing	ZOU, Dairui
