

Here is the proposal template

Author A^{*1}, Author B¹, and Author C²

¹Department of Computer Science, L^AT_EX University

²Department of Mechanical Engineering, L^AT_EX University

Keywords— MSP, UHE gamma-ray, J0218+4232

1 Scientific rationale

We would suggest put the background, motivation and research goal in this part, here is the citation test [1].

2 Justification

Why LHAASO is important or unique for this study? The data used can be specified here, and imply the possible innovation by using LHAASO data

3 Analysis plan

Future plan for the data analysis, paper preparation and publication.

4 Group and analysis division

- Author A: convener
- Author B: work on morphology analysis
- Author C:work on the theroretical interpretation
