

The 2nd LHAASO Symposium

Friday, 21 March 2025

Friday Afternoon B (16:20 - 18:20)

-Conveners: Shicong Hu

time	[id] title	presenter
16:20	[126] TeV-PeV gamma-ray emissions from Galactic Stellar-mass Black Holes	KIMURA, Shigero
16:40	[127] PeV particles and multi-messenger radiation from super-Eddington accreting Galactic compact objects	PERETTI, Enrico
17:00	[128] HAWC micro-quasars	CASANOVA, Sabrina
17:20	[129] Particle transport in magnetohydrodynamic turbulence	YAN, Huirong
17:40	[130] New Galactic Magnetic Field model and cosmic ray propagation	SEMIKOZ, Dmitri
18:00	[155] Interpretation for Gamma-Ray Afterglows in GRB 221009A and GRB 240529A	ASANO, Katsuaki
