

The 2nd LHAASO Symposium

Saturday, 22 March 2025

Saturday Afternoon B (16:35 - 18:30)

-Conveners: Cong Li

| time | [id] title | presenter |
|-------|---|-------------------|
| 16:35 | [117] Acceleration of Comsic Rays | REVILLE, Brian |
| 17:10 | [179] The displaced TeV signal of globular cluster Terzan 5 and implications for CR transport | CROCKER, Roland |
| 17:30 | [180] Some usually overlooked aspects in radiative and morphological modelling of pulsar wind nebulae | TORRES, Diego |
| 17:50 | [181] Cosmic-ray propagation in the Galaxy: Insights from the diffuse emission and TeV halos | GIACINTI, Gwenael |
| 18:10 | [182] Deciphering the Knees in the Cosmic Ray Energy Spectrum after LHAASO measurements | EVOLI, Carmelo |
