

The 2nd LHAASO Symposium

Sunday, 23 March 2025

Sunday Afternoon A (14:00 - 16:15)

-Conveners: Jian Li

time	[id]	title	presenter
14:00	[147]	Cosmic Ray Energy Spectrum, Composition, and Hadronic Interaction Model Tests in the Knee Region	MA, Lingling
14:35	[148]	Neutrons in EAS	ENGEL, Ralph
14:55	[149]	On the measurement of the elemental composition in the PeV energy region: a critical review	DISCIASCIO, Giuseppe
15:15	[150]	Study of hadronic interaction and spectral measurements of cosmic-ray nuclei with DAMPE space mission	YUE, Chuan
15:35	[151]	Super-Eddington Tidal Disruption Events as Cosmic Accelerators for High-Energy Cosmic Rays and Neutrinos	DAI, Lixin
15:55	[152]	Detection of Very-high-energy Gamma-ray Emission from the Radio Galaxy M87 with LHAASO	HU, Shicong
