

CEPC Day (November 27, 2024)

Wednesday, 27 November 2024

Accelerators - A415 (14:00 - 17:00)

-Conveners: Jie GAO; Yuhui LI

time	[id] title	presenter
14:00	[2] Long range alignment tolerences and the BPM requirements of the CEPC collider ring	WANG, Bin
14:25	[3] CEPC bypass lattice for energy switches in collider ring	WANG, Yiwei
14:50	[4] CEPC tunnel radiation level studies with vacuum chamber equipped with photo absorber	TANG, Guangyi
15:15	Coffee Break	
15:45	[5] CEPC vacuum chamber production line, and discussion on vacuum chamber with photon absober	MA, Yongsheng
16:10	[6] CEPC polarization study progress status	DUAN, Zhe
16:35	[7] Possibility studies of 3T magetic detector field for CEPC Z pole operation	WANG, Yiwei
