

International Workshop on New Opportunities for Particle Physics 2025

Sunday, 20 July 2025

Neutrino and Particle Astrophysics - Room 124, Multi-discipline Research Center (09:00 - 10:00)

time	[id] title	presenter
09:00	[27] Current Status and Future of Neutrino Physics	PETCOV, Serguey T.
09:30	[28] From Neutrinos to QCD and Dark Matter: Looking Forward for Exciting Physics.	KLING, Felix

Neutrino and Particle Astrophysics - Room 124, Multi-discipline Research Center (16:30 - 18:30)

time	[id] title	presenter
16:30	[36] Periodic string formation and gravitational wave bursts	HUANG, Junwu
17:00	[37] Axion mass prediction from cosmic string network	SON, Minho
17:30	[38] New Precision Experiments for Axion Dark Matter	ZHOU, Kevin
