

Dear Colleagues,

We are pleased to announce that LIDINE 2025 (Light Detection in Noble Elements) will take place in Hong Kong from October 21st to 24th, 2025. The conference is hosted by the Institute of High Energy Physics, Chinese Academy of Sciences (IHEP, CAS) and the Hong Kong Institute of Science & Innovation, Chinese Academy of Sciences (HKISI, CAS).

This conference is part of the LIDINE series, and the scientific program will be organized along the following tracks:

- Light/charge response in Noble Elements (gas, liquid, dual phase)
- Light/charge readout (PMTs, SiPM, WLS, electronics, etc.)
- Detector techniques (HV, cryogenics, purification, calibration, etc.)
- Signal reconstruction and identification (analysis methods, simulations)
- Applications (dark matter, neutrino, precision frontier, medicine, etc.)

In addition to plenary talks and poster sessions, the agenda will include dedicated time for roundtable discussions on cross-cutting topics of shared interest. Further details will be announced in due course.

Please visit the official conference website for information on the venue, accommodation, and other logistics:

<https://indico.ihep.ac.cn/e/lidine2025>

The registration and abstract submission are now open. Please take note of the following important dates:

- Abstract Submission: by June 30th, 2025.
- Early Registration: by July 31st, 2025.

For questions or further information, feel free to contact the Local Organizing Committee (LOC) at: [lidine2025@ihep.ac.cn](mailto:lidine2025@ihep.ac.cn)

We look forward to welcoming you to Hong Kong for the LIDINE 2025!

Best regards,  
LIDINE 2025 Local Organizing Committee
