

## Second Announcement: LIDINE 2025 – Abstract Submission Extended to July 25th

Dear Colleagues,

We would like to thank all those who have already registered or submitted an abstract for LIDINE 2025 (Light Detection in Noble Elements), which will take place in Hong Kong from October 21st to 24th, 2025, hosted by the Institute of High Energy Physics, Chinese Academy of Sciences (IHEP, CAS) and the Hong Kong Institute of Science & Innovation, Chinese Academy of Sciences (HKISI, CAS).

We are pleased to announce that the abstract submission deadline has been extended to July 25th, 2025. We warmly encourage researchers at all career stages to contribute to the scientific program by submitting an abstract for a plenary talk, or poster presentation.

The conference will feature sessions organized along the following tracks:

- Light/charge response in Noble Elements (gas, liquid, dual phase)
- Light/charge readout (PMTs, SiPM, WLS, electronics, etc.)
- Detector techniques (HV, cryogenics, purification, calibration, etc.)
- Signal reconstruction and identification (analysis methods, simulations)
- Applications (dark matter, neutrino, precision frontier, medicine, etc.)

In addition to plenary sessions and poster presentations, the agenda will include roundtable discussions on cross-cutting topics, offering opportunities for in-depth exchange and future collaboration.

Please visit the official conference website for abstract submission, registration, and the latest updates:

<https://indico.ihep.ac.cn/e/lidine2025>

Updated Key Dates:

- Abstract Submission Deadline: ~~June 30, 2025~~, **July 25th, 2025**

For any questions, feel free to contact us at: [lidine2025@ihep.ac.cn](mailto:lidine2025@ihep.ac.cn)

We look forward to your participation and to welcoming you to Hong Kong this October!

Warm regards,  
LIDINE 2025 Local Organizing Committee
