

Quark-Gluon Plasma in Heavy-Ion Collisions - Quantifying and Understanding Its Near-Perfect Fluidity 2025

Wednesday, 17 September 2025

Session 9 (08:30 - 10:00)

-Conveners: Shuai Yang

time	[id]	title	presenter
08:30	[27]	UPC experiment: status and update	ZHA, Wangmei
09:00	[28]	What have UPCs taught us about small-x, saturation physics and initial conditions of heavy-ion collisions	ZHAO, Wenbin
09:30	[29]	Developments on jet transport in heavy-ion collisions	CAO, Shan-Shan
