

# Quark-Gluon Plasma in Heavy-Ion Collisions - Quantifying and Understanding Its Near-Perfect Fluidity 2025

Wednesday, 17 September 2025

Session 11 (14:00 - 15:30)

-Conveners: Fei Gao

time	[id]	title	presenter
14:00	[33]	Temperature Measurement of QGP via Thermal Dileptons	YE, Zaochen
14:30	[34]	Exploring the shape of transverse momentum spectra	LUZUM, Matthew
15:00	[35]	Flow correlations and their efficiency correction	KITAZAWA, Masakiyo
