

The 2025 International Workshop on the High Energy Circular Electron
Positron Collider

Contribution ID: 348

Type: **not specified**

**[C01] A 55 nm HV-CMOS Pixel Sensor Design for
High-Energy Particle Tracking with High Hit Rate
and Precise Time Resolution**

Friday, 7 November 2025 19:00 (1 minute)

Presenter: LI, Leyi (中国科学院高能物理研究所 (IHEP))

Session Classification: Poster
