

# 第十届手征有效场论研讨会

Saturday, 18 October 2025

18号周六下午第三场 (16:40 - 17:40)

-Conveners: Wei Chen

| time  | [id] | title                                                                                                | presenter |
|-------|------|------------------------------------------------------------------------------------------------------|-----------|
| 16:40 | [20] | Nuclear lattice effective field theory without a lattice                                             | 吕, 炳楠     |
| 17:00 | [21] | Role of $\pi^0(980)$ in the decays of $\pi^0 \rightarrow \pi^+\pi^-\pi^0$ and $\pi^+\pi^-\pi^+\pi^-$ | 肖, 楮文     |
| 17:20 | [22] | Two-Loop Extraction of the Pion-Nucleon Sigma Term                                                   | 姚, 德良     |
