Status

- IFAE can not be involved in *financial* assistance (but otherwise supports the workshop!) – problem is related to need to call for tender for event organization support
- BARETEK SL is interested in supporting the workshop.
 - Iterations with company in charge of organization, all OK in principle
 - Need to sign contract and open payments...
 - But all booked already
 - In the mean time people can register and get letters of invitation
 - Not a problem to send letter even if not paid!
