

17th International Conference on Heavy Quarks and Leptons

(HQL 2025)

Monday, 15 September 2025

Neutrino Physics (14:30 - 16:10)

time	[id]	title	presenter
14:30	[27]	Neutrino Masses and Mixing: Current Status and Open Questions	LI, Yufeng
14:55	[28]	Status of the Hyper-Kamiokande experiment	KISIEL, Jan
15:20	[29]	The DUNE Experiment: Status and Outlook	BIAN, Jianming
15:45	[30]	Neutrinos in the Multi-Messenger Era	SAPIENZA, Piera

Thursday, 18 September 2025

Neutrino Physics (09:00 - 10:40)

time	[id] title	presenter
09:00	[54] Long-Baseline Neutrino Experiments: A Journey from Discovery to Precision and Beyond	LUDOVICI, Lucio
09:25	[55] Experimental progress in neutrinoless double beta decay with a focus on LEGEND	CHIU, Pin-Jung
09:50	[56] Neutrinos and BSM Searches	LUCENTE, Michele
10:15	[57] JUNO status and prospects	ZHAO, Jie
