

International Symposium on Neutrino Physics and Beyond

Monday, 24 September 2012

Geo & Astronomical Neutrinos: chaired by ROBERTO, Battiston (10:30 - 12:40)

time	[id]	title	presenter
10:30	[73]	Neutrino Mass Limits from Cosmology	Prof. EVSLIN, Jarah
10:55	[75]	Geoneutrinos and the composition of the Earth	Prof. MCDONOUGH, William
11:20	[77]	Results and future perspectives of Borexino	Dr RANUCCI, Gioacchino
11:45	[105]	Highlights of the European Strategy for Particle Physics	MASIERO, Antonio
12:10	[54]	CP violation and leptogenesis	Prof. PETCOV, Serguey
