Dr. Muhammad Rifai

Head of the Research Center for Accelerator Technology

National Research and Innovation Agency (BRIN), Indonesia

Dear Dr. Rifai,

It is my honor and pleasure to invite you as a member of Asian Committee for Future Accelerators (ACFA) representing Indonesia.

ACFA was formed in April 1996. Since then, there have been many activities to promote collaborations among Asian and Oceanian countries. Please visit www.acfa-forum.net for further information and documents. Since we have lost contacts from Indonesian representatives, I have asked Dr. Praong Klysubun of Thailand to contact Indonesian authority to get recommendations. Thankfully, Dr. Edy Giri Rachman Putra, Deputy Chairman for Human Resources of Science and Technology, National Research and Innovation Agency, Indonesia, has proposed you for a new member for ACFA.

I am sure that your participation will boost ACFA activity further.

Sincerely, yours,

In Soo Ko

ACFA Chair

Senior Advisor, Pohang Accelerator Laboratory, POSTECH

Professor Emeritus, POSTECH, Korea
