

第十一届粒子所“青年之星”2025年度学术论坛

Friday, 28 November 2025

Friday Morning Second Session - 9409 (10:40 - 12:00)

time	[id] title	presenter
10:40	[5] Neutrinoless double beta decay in multiple isotopes for fingerprints identification of operators and models	Ms XIAO, Yu-Qi
11:00	[18] Study of $\tau \rightarrow \omega \pi \nu$ decay in resonance chiral theory with tensor sources	ZOU, Yuan-He
11:20	[30] The Chiral Transition and Shear Viscosity in the NJL Model under a Magnetical Background	邱, 屹威
11:40	[14] Dynamical relaxation behaviors of a critical quench	邹, 银涛
